## **STATISTICAL ABSTRACT**

# FOREWORD

The Uganda Bureau of Statistics (UBOS) is committed to the production and dissemination of integrated statistical information that meets the National and International standards quality requirements. Specifically, indicators are required for monitoring the progress towards achieving the goal of the Third National Development Plan (NDP III) which covers Financial Years (FY) 2020/21-2024/25 ***“increasing household incomes and improving the quality of life of Ugandans”***, other requirements include, updating the international developments frameworks such as the United Nations (UN) Sustainable Development Goals (SDGs), the Africa Union (AU) Agenda 2063, and the East African Community (EAC) Agenda 2050. This Statistical Abstract is the prime annual publication through which UBOS disseminates key statistical information derived from the latest censuses, surveys and administrative records of Ministries, Departments and Agencies (MDAs), Higher Local Governments (HLGs) and some Civil Society Organisations (CSOs). The information is critical in tracking progress, implementation, decision-making as well as service delivery.

The information presented in the 2021 Statistical Abstract covers statistics on the Environmental, Demographic, Socio-economic, Production and Macroeconomic sectors. Information on these sectors is structured based on either a Calendar Year (CY) starting from January to December or Financial Year (FY) starting from July to June, depending on data availability.

The Bureau appreciates the continued cooperation of the MDAs, HLGs and CSOs in providing the requisite data for production of this publication. In a special way, we wish to thank the 2020 Statistical Abstract Committee that compiled this publication and Government of Uganda (GoU) for continued support to statistical production. The Bureau welcomes constructive comments from stakeholders that aim at enhancing the quality of its future publications.

Copies of this publication are available at the Bureau’s Head Office located at Statistics House, Plot 9, Colville Street, Kampala and the official UBOS website: [www.ubos.org](http://www.ubos.org).

It’s our sincere hope that the statistical information in this publication will be used by all stakeholders to make informed decisions.
